

2011 NORTHWEST DISTRICT FALL FIRE SCHOOL
GLAD VALLEY FIRE DEPARTMENT
GLAD VALLEY, SD
SEPTEMBER 18, 2011
GLAD VALLEY FIRE STATION

Vehicle Extraction – Instructor Darrell Hartmann. This class will have an emphasis on advance hand tools, stabilization and basic power tools. This will be a great class for rural fire departments with limited amount of hydraulic tools and small equipment budgets. Class length 8 hours.

GPS CLASS -- Instructor Todd Christman. This class will help improve your knowledge of mapping fires and locating objects with a known GPS coordinates. Class length 8 hours.

WILDLAND FIRE SAFETY CLASS – Instructor Jay Bold. Subject matter covered in this class will deal in part with close call incidents. A round table discussion on fires in our area covering safety and look out situations, will also be presented. Please bring an Incident Response Pocket Guide. Class length 8 hours.
